Subject: RE: UTC v. Miracle Movers, Inc. settlement agreement

Michael:

I have spoken several times with Mr. Webb regarding the vague statement in your email. He has racked his brain regarding what you are referring to. As far as he knows, all of the trucks at issue are parked out in Black Diamond and are not being used for anything.

There is a new entity, Miracle Transfer, Inc., that exists under different ownership and which uses different trucks, which is likely using the Miracle Movers name. Could this be part of the confusion?

Please clarify this allegation for us so we can, hopefully, get back on track to settle this matter.

Thanks.

Stay very far away. If your not a fan of overpriced, lazy, slow and inefficient movers then do not hire this company. I expected much more when they sent over two huge guys for such a small apartment move. It took them all day and we paid way more then quoted because of it. Never again Miracle Movers, its a miracle you're still in business....

What great movers! I broke up with my boyfriend a few days before the move so this was a really hard move for me. I was so sad and the movers helped lift my spirits! They were polite and very professional, yet somehow still managed to be funny and make me laugh a few times, which helped my gloomy mood a lot.

They were great movers in the more technical sense as well. They had good stamina and kept a consistently fast pace. They stayed busy the entire move, which is a must since they go by the hour! They laid down floor runners at the new place and did a great job of keeping the carpets clean.

They were very patient with me trying to figure out where I was going to put everything. I moved into my sister's house temporarily and there wasn't a lot of extra room to put my stuff-most everything ended up getting stored in her garage. They advertise "short notice moves welcome" and they aren't kidding! As I mentioned before, I broke up with my boyfriend a few days before and they were able to accommodate my move on just two days notice, which was awesome since I wanted to move out as soon as I could! The movers were great movers and people and everything was delivered safe and sound. I am very pleased with their service!

This was the worst experience I've ever had with any company. My friend hired them to help move from her 600 sq ft one-bedroom apartment to a house just down the road. She didn't have a lot of stuff, so it should have been a quick move. I got a text during the move that the hired movers (Miracle Movers) were working really slowly and my friend needed help ASAP or it was going to cost twice what she was quoted (they charge by the hour). When I showed up the two movers were kind of milling about. They would load a single small item onto a dolly and meander towards the house. At that point it had taken them 8 hours and still weren't finished. When we went outside to ask them why it was taking so long one of the men started cussing at us (me and four women) and became quite threatening. We were very close to calling the police. They ended up shutting the door to the truck, with some items still inside, and said they wouldn't finish the job and wouldn't give us our stuff until they were paid in full. After an hour and a half on the phone with the company they agreed to charge a reduced amount and said they would just unload the rest of the items onto the grass outside the house. We had to move the stuff from the grass into the house, so they never really finished the job.
