RE: Cascade Natural Gas Corporation's 2014 Integrated Resource Plan Work Plan

On December 20, 2013, in pursuance to WAC 480-90-238, Cascade Natural Gas Corporation filed our Work Plan for its 2014 Integrated Resource Plan (IRP or Plan). Due to error in the original filing regarding the filing of an deadline extension, we are re-submitting the Plan. This document provides an outline of the content for the Plan, the timing of the plan development and the method for assessing potential resources. Cascade will also formally request an extension of the IRP due to significant changes in the configuration of SENDOUT optimization model as well lack of significant changes since acknowledgement of our last IRP in August 2013. The extension request will be submitted under a separate cover.

If you have any questions regarding the Work Plan, please contact me at (206) 617-2708 or via email at mark.sellers-vaughn@cngc.com.

Sincerely,
CASCADE NATURAL GAS CORPORATION

Mark Sellers-Vaughn
Manager, Supply Resource Planning
