**NOTICE OF WITHDRAWAL OF RULEMAKING**

RE: Rulemaking Regarding Pipeline Safety Fee Methodology,  
Docket PG-160121

TO ALL INTERESTED PERSONS:

On February 17, 2016, the Washington Utilities and Transportation Commission (Commission) filed a Preproposal Statement of Inquiry (CR-101) with the Code Reviser to consider amending WAC 480-93-240 Annual Pipeline Safety Fee Methodology related to gas pipeline companies for the purposes of evaluating the allocation of indirect costs applied to miles of pipeline for jurisdictional companies.

The Commission has decided to close this rulemaking proceeding as it has determined that a rule change at this time to address the mileage allocation will have limited impact.
