Dear Mr. King:

Pursuant to RCW 80.28.060 and Chapter 480-80 WAC, please find enclosed for filing the following proposed revisions to the WN U-2 Tariff for natural gas service of Puget Sound Energy (“PSE”):

- 4th Revision of Sheet No. 39 – Rule No. 25: Meter Testing Procedures
- 4th Revision of Sheet No. 39-A – Rule No. 25: Meter Testing Procedures (Continued)

The purpose of this filing is to accomplish housekeeping changes to Rule No. 25, Meter Testing Procedures. Primarily, it proposes the use of manometers for differential testing of meters. Clarifying language has also been added, as well as an update to a WAC rule reference.

The tariff sheets described herein reflect issue dates of December 27, 2016 and effective dates of January 27, 2017. Posting of the proposed tariff change for public inspection and review, as required by law and the Commission’s rules and regulations, is being completed immediately prior to or coincident with the date of this transmittal letter, through web, telephone and mail access in accordance with WAC 480-90-193(1). This filing does not represent an increase in recurring charges or restrictions in access to services, therefore notice will be provided in accordance with the provisions of WAC 480-90-195(3).

Please contact Julie Waltari (425) 456-2945 for additional information about this filing. If you have any other questions please contact me at (425) 456-2110.
