

ORDINANCE NO. 2016-19

AN ORDINANCE of the City of Bainbridge Island, Washington, relating to utility tax and amending Chapter 5.08 of the Bainbridge Island Municipal Code (BIMC) to levy a tax on all utilities for the purpose of providing sufficient revenue to carry on the normal activities of the City as required by law.

WHEREAS, utility taxes may be levied on the gross operating revenues earned by private utilities from operations within the boundaries of a city and by a city's own municipal utilities; and

WHEREAS, the Utility Advisory Committee (UAC) recommended that the City Council eliminate the utility tax charged against the City water utility, sewer utility, and stormwater utility based on the UAC's concern that the tax is inequitable because it only applies to the City of Bainbridge Island systems and does not apply to other water and sewer systems providing service to Bainbridge Island customers; and

WHEREAS, the City Council considered the recommendation of the UAC at its July 12, 2016, meeting, as well as information provided by the City Manager related to the City's financial position; and

WHEREAS, the City's ongoing revenues are not likely to keep pace with ongoing expenditures; and

WHEREAS, the City's capital projects demand, including street, facility, and non-motorized improvements, include many unfunded projects and will not be met without General Fund contributions; and

WHEREAS, the City Council directed staff to bring forward an ordinance to levy a 6% tax on water and sewer utilities not owned by the City for the purpose of providing sufficient revenue to carry on the normal activities of the City as required by law; and

WHEREAS, the City Council considered the ordinance on September 13, 2016, and a public hearing was held on September 27, 2016; and

WHEREAS, on November 7, 2016, the City Council discussed this topic further in the context of budget discussions and directed staff to bring an ordinance which extends the utility tax to all publicly-owned utilities meaning, in this context, utilities that are owned or managed by municipal corporations, and to all for-profit utilities.
