

Notice of UTC Deregulation Petition

To: All Newaukum Water Customers

On March 6, 2017, your NWS board of directors will file a petition for deregulation with the UTC. Deregulation is required prior to the CEO of Northwest Water Systems purchasing our system. There will be an open meeting scheduled by the UTC in Olympia with relation to this filing to allow comments from Newaukum water customers. You will be notified of the date, time and place of this meeting by email as soon as the NWS Board is notified of the scheduled date.

Maury Kurtz
NWS Chairman
