FIRST REVISED SHEET NO. W-3**

ROCHE HARBOR WATER SYSTEM

SCHEDULE 3

WHOLESALE WATER SERVICE

(N)

A. Applicable:

To any person or entity intending to obtain water through the company's designated filling station within the company's distribution system for use outside of the company's water service area or for construction purposes.

This Schedule does not apply to fire trucks and related personnel engaged in fire fighting activity.

B. Rate:

For withdrawal of water per day not to exceed an amount specified by the company, \$20.00 per day plus the usage rate of \$0.021 per gallon.

C. Conditions:

1. Any persons, corporation or other entity desiring service under this Schedule must first make application to the company on a form provided by the company for that purpose.
2. Any person, corporation, or other entity taking water from the company's system for any use whatsoever without having first made application for service under this Schedule, and that application having been accepted, and the appropriate fee remitted, will be liable for all charges as if a permit had been approved and, in addition, the costs, charges and fees available to the company in accordance with the fraudulent obtaining or use of service as described under RCW 80.28.240 and Commission rules, if any.

ROCHE HARBOR WATER SYSTEM

SCHEDULE 3

WHOLESALE WATER SERVICE

(N)

3. Service shall only be allowed if all of the following conditions are met:
 - a. Such service does not affect the ability of the company to provide services to residential customers as required by Chapter 480-110 WAC;
 - b. Pressure is at all times maintained as required by rules of the Washington Utilities and Transportation Commission, Department of Health, and county and local ordinances;
 - c. The company is aware of no possible restriction on the use of water, i.e., conservation requirements due to drought or any other unusual circumstances.
 - d. The customer's account is current and in good standing.
4. The company may suspend any such service under this Schedule in the event of occurrences related to Condition 3.
5. The company will specify the location of where such service is to be obtained, the withdrawal rate at which such service shall be obtained, and the methods which will be used to obtain such service. Any violation of this Schedule shall be deemed to have been a withdrawal of water as though an application had not been submitted.
6. The customer shall be responsible for any and all damage to hydrants, pipes, mains or other equipment of the company caused by use of this Service or improper use of said equipment.
7. This Schedule is not available to persons or entities to use water in conjunction with occupied property within the company's service area.
8. It is the customer's responsibility to provide the proper connection and plumbing equipment for access to the company's designated filling station.
