RE: Tariff Revision, Tariff Number 3, Original Tariff, Waste Connections of Washington, Inc. G-253

Dear Mr. King:

Attached please find revised pages for Original Tariff Number 3, Waste Connections of Washington, Inc. G-253.

With this filing, we respectfully request the Commission approve a general rate increase to recover new capital assets, higher costs for wages, and overall higher general operating costs.

The increases are proposed as follows: Residential service \$394,000, 3.55%; commercial service \$205,000, 3.55%; and roll-off service \$44,000, 3.55%. There are approximately 64,700 residential; 4,000 commercial; and 300 roll-off customers affected by this change.

The last general rate increase approved by the Commission became effective October 1, 2008.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on January 1, 2018.

To the extent that WAC 480-70-520 (4) (j) could be interpreted as requiring additional disclosure for Waste Connections of Washington, Inc., the Company hereby requests an exemption to that rule to the extent that internal divisions within the Waste Connections of Washington, Inc. legal entity have no relationship to the regulated solid waste collection service, tariff-filing entity.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than November 30, 2017. A notice letter will also be delivered on or before November 30, 2017 to the office of the Clark County Council Chair.
