On June 27, 2018, Hat Island Telephone Company (“Company”) submitted to the Washington Utilities and Transportation Commission (“Commission”), via the Commission’s web portal, a filing consisting of (i) a transmittal letter requesting 2018 ETC-related certification pursuant to WAC 480-123-060 and 47 C.F.R. § 54.314 and (ii) the Company’s current-year reports pursuant to WAC 480-123-070 and -080. As described in that transmittal letter, the Company also intended to include in that filing its current-year certifications pursuant to WAC 480-123-060 and -070, as well as the additional certification described in Note 1 of the transmittal letter. However, the page containing those certifications was inadvertently omitted from the filing. Accordingly, the omitted certifications accompany this letter.
