

21325 66th Ave W
Lynnwood, WA 98036

May 31, 2019

Dear Valued Commercial Customer,

This is to notify you of a proposed rate change for commercial services in the Lynnwood Disposal areas of Snohomish County. Should the Washington Utilities and Transportation Commission (Commission) approve our request customers will experience an overall rate increase throughout all classes of service.

As you may know, it has been nearly two years since our last general rate case. In that time Lynnwood Disposal has experienced increases in costs that are key to delivering our services; including labor, fuel and maintenance costs. In addition, the company has experienced significant increases in the cost of processing recyclables as a result of global commodity market changes. **If approved, the proposed rates will become effective July 1, 2019.**

The proposed rate increases for our commercial, roll-off and multi-family services range from -1.3% to 40.2%. Most commercial and roll-off customers will experience a decrease in rates and most multi-family customers will experience an increase of 8% to 13% tied to increases in recycling rates

If you have questions about the proposed rate increase you may contact the company at (425) 778-6508 or (800) 942-5965.

The commission has the authority to set final rates that may be either lower or higher from the company's request, depending on the results of its investigation. Commission staff will make a recommendation to the commissioners at an open meeting in Olympia, which is scheduled for 9:30 a.m. on June 27, 2019. You will have an opportunity to comment in person at this meeting. The UTC is committed to providing reasonable accommodation to participants with disabilities. If you need reasonable accommodation, please contact the commission at (360) 664-1132 or human_resources@utc.wa.gov. If you are unable to attend the open meeting, the commission has a bridge line which enables you to participate or listen by telephone. Call 360-664-1234 for instructions the day before the open meeting. You can also comment by using the "Public Comment" feature at the commission's Web site at utc.wa.gov or by using the contact information below.

Washington Utilities and Transportation Commission
