Re: Solid Waste Contract Ending August 31, 2019

Dear Ed,

The Solid Waste Contract between the City of Mukilteo and Rubatino Refuse Removal, Inc. has been in place since July 1, 2010 and will expire on August 31, 2019. While a mutual extension of this contract is possible under the terms of Section 1, the City has determined that it will not pursue such an extension.

This letter serves to inform you that the City of Mukilteo will not extend the current contract beyond the termination date of August 31, 2019. As you know, we have entered into a new City-wide solid waste franchise agreement with Waste Management that begins on September 1, 2019.

We thank you and Rubatino for your dedicated service to residents of the City of Mukilteo since 1980.

Regards,

Jennifer Gregerson
Mayor
