NOTES

1. The installation charge for service drops and inside wiring will be determined by the Company on the basis of the costs (including labor and materials and third party charges such as permit fees) incurred by it in performing the installation and are in addition to any applicable Non-Recurring Charges shown above. Notwithstanding anything in this Tariff to the contrary, up to \$500.00 of the installation charge described in this Note that are related to service drops, will be waived when a new customer commits to a continual 36 month service commitment subscribing to one or more Qualifying Services. An additional \$500.00, for a total of \$1000.00, of the installation charge described in this Note, that are related to service drops, will be waived when a new customer commits to a continual 36 month service commitment subscribing to one or more Qualifying Services with combined monthly recurring charges of a minimum of \$50.00. The 36 month continual service commitment period is not applicable to service or services with an installation date that is prior to the date the customer enters into the

36 month continual service commitment. If the customer cancels the Qualifying Service or Services prior to having fulfilled the required 36 month continual service commitment period, the full agreed installation charge will be owed by the customer and charged to the customer's Whidbey Telecom account. The installation charge will not be prorated. The waiver of any portion of the installation charge does not apply to any other applicable or regulated installation charges and/or any other applicable early termination charge or charges. As used in this Note, the term "Qualifying Services" are the following: (1) Exchange Service - Individual Line Service; (2) Exchange Service - Trunk Line Service; (3) Premium Voice Service; and (4) Customer Broadband Only Line service where the customer also subscribes to a company-provided Voice over Internet Protocol service. In addition, the subscription to a minimum of 36 months of nonregulated High Speed Internet service is a Qualifying Service in calculating a customers minimum charge.
