WSDOT submitted a petition for Grade Crossing Protective Funds for USDOT Crossing 066020V, Sunset Highway, on January 24, 2019. During the period of the solicitation for repairs, WSDOT was able to acquire materials to complete the greatest portion of the rehabilitation. As the petition was developed assuming a complete rehabilitation performed by a contractor, the information submitted therein is no longer valid and WSDOT requests this petition be withdrawn from consideration or funding.
