RE: Request for a revision to Time Schedule No. 36, Page 2 of 3, for Lake Chelan Boat Company, Certificate No. 34, with an effective date of 04/26/20; requesting LSN to make this effective 3/27/20.

To Whom It May Concern,

With the current state of concerns with COVID-19, Lake Chelan Boat Company is continuing to look at ways to comply with directives from the Washington State and Federal Governments, in regards to safe distances, and activities of passengers and staff, with an eye on the financial affect it is having on the company as well.

Essentially, our service now provides necessary mail and freight shipments to up lake locations, along with minimal local resident's travel. Mail and freight shipments are primarily on Monday, Wednesday and Friday, and essential travelers are minimal. To further comply and succeed, we are requesting to continue running the Lady Cat on Monday, Wednesday and Friday through April 17, 2020 (Schedule No. 36, page 2 of 3). We are requesting to do this on less than statutory notice, with an effective date of 3/27/20. The first run day that this would affect is Saturday April 4th, but in an effort to keep the public notified in advance, an effective date of 3/27/20 is being requested.

One of the times on the schedule has been adjusted to be more accurate of what the Lady Cat runs under the current conditions. The Fields Point departure time has been changed to 10 minutes later.

Being submitted with this transmittal letter is a copy of the Notice to the Public. It will be posted at the main Chelan office, on board the Lady Cat, on our website, and distributed by way of other social media and electronic means.

We will continue to monitor the situation and follow guidance from health and government authorities to determine what further actions may need to be taken. We feel this is an emergency situation and we respectfully request approval of this request.

Thank you for your assistance and guidance.

Sincerely,
Reed Courtney
