Re: **DOCKET NO. UT-200571** – Eligible Telecommunications Carriers’
Annual Re-certification on High Cost Fund Support Pursuant to
WAC 480-123-060, 070 and 080

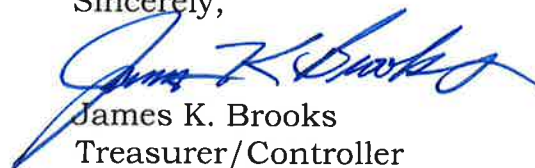

Dear Mr. Johnson:

On June 22, 2020, Inland Telephone Company (“Inland”) submitted, pursuant to WAC 480-123-060, requested that the Washington Utilities and Transportation Commission certify to the Federal Communications Commission and the Universal Service Administrative Company that the Company has met the requirements of 47 C.F.R. § 54.314 for eligibility for continued receipt of federal high-cost funds. Included in this request were reports that are specified in WAC 480-123-060, WAC 480-123-070 and WAC 480-123-080 as well as the certifications pursuant to WAC 480-123-060 and WAC 480-123-070.

Due to a recent National Exchange Carrier Association (“NECA”) review of last year’s NECA-1 Report (19-1) and the discovery of some errors in the current report, Inland has revised the NECA-1 Report (20-1). Enclosed is the NECA-1 report that should be included in the Company’s 2020 ETC re-certification.

If you should have any questions or need further information, please call me at (509) 649-2211.

Sincerely,

James K. Brooks
Treasurer/Controller
