Re: Petition for Exemption from WAC 480-15-302(11)

Mr. Johnson:

I am writing you to petition the Commission for an exemption from WAC 480-15-302(11). I am applying for reinstatement of household goods permit number THG06198. My permit was cancelled on November 13, 2019 because I had temporarily closed my business and cancelled my insurance without notifying the UTC. I was not told that I must apply to reinstate my permit within 30 days or under the requirements of WAC 480-15-302(11), I would have to wait 12 months to re-apply.

I abruptly had to stop operating my household goods moving services due to my son being involved in a tragic accident which left him paralyzed on one side and a loss of speech. It has been almost a year and I have secured adequate care for him which has allowed me to be able to focus more on the business. I completely missed the requirement of requesting cancellation, so I apologize for my error.

Thank you,

Christina Dunlap
