RE: Pullman Disposal Service, Inc., G-42, Filing for New Rate

Dear Secretary:

This filing proposes new rates at the request of a customer, revising Pages No. 2 Check Sheet, No. 33 Item 105 Multi-family Service, No. 34 Item 105 (Cont.), Multi Family Service, and No. 41 Item 230 Disposal Fees. One requested service option is to collect food waste totes and transport the totes to Washington State University's food waste collection facility. The collection will occur weekly, and the customer will be charged a rate of \$27.00 per tote per month. This service option will only be available to customers residing in Washington State University's Greek Life housing.

The second requested service option is to collect cardboard only recycling in larger dumpsters, as currently the only recycling service offered to multi family customers is via 95 gallon roll-carts. The company is proposing to offer this service option using 1 yard, 2 yard and 3 yard dumpsters. Using the company's current recycling rates for a 95 gallon roll-cart and additional 95 gallon roll-carts, an equivalent rate by volume was assigned to the 1 yard, 2 yard and 3 yard dumpsters. As Pullman Disposal Service does not incur a commodity fee for cardboard only recycling, no commodity adjustment will be applied to cardboard only recycling customers.

Because these new rates are being proposed at the request of the customer, we request that these rates be made effective with one-day notice, pursuant to WAC 480-70-261(3).

My authority to file on behalf of Pullman Disposal Service, Inc. is on record.
