### PUGET SOUND ENERGY Electric Tariff G

# SCHEDULE 137 TEMPORARY CUSTOMER CHARGE OR CREDIT (Continued)

### 6. MONTHLY RATE (Continued):

SCHEDULES 51 & 53 – Smart LED Light Charges Beginning FEBRUARY 15, 2022:

Energy Charge: \$(0.000020) per kWh

### 7. TERMINATION:

 Once any remaining balance following termination is included in rates or otherwise utilized, the rate credit or charge under this schedule will not be applied to adjusted or corrected Customer bills.

### 8. TRUE-UP AND NOTICE OF RATE CHANGES:

a. As provided in paragraphs 16 and 17 of Appendix C of Order 08 in Docket Nos. UE-111048 and UG-111049 (Consolidated), the initial tracker rates will be set in May, 2012. The rates in this schedule will then be reset annually and will become effective each January 1<sup>st</sup>. Each annual filing will be trued up for the actual deferred REC proceeds received to date, net of deferred taxes, at the end of the then-current rate period and the interest thereon versus the amounts assumed when setting the rates at the beginning of the period. The rates will also be trued up for any variances between the amounts set in rates and the amount actually passed back to Customers over the period due to variances in load. And, as provided in the Commission's Order in Docket No. UE-131276, the tracker rates effective January 1, 2014 will include the net biogas proceeds through October 31, 2013, of \$10.5 million, amortized over one year. The portion of the rates related to the biogas pass through will be trued up for any variances between the amount set in rates and the amount actually passed back to Customers during 2014 due to variances in load.
