

RULE 5

DISCONNECTION AND RECONNECTION OF SERVICE

DISCONNECTION OF SERVICE (continued)

Except in case of danger to life or property, service will not be disconnected on a Saturday, Sunday, legal holiday, or on any other day on which service cannot be reestablished on the same or following day.

The Company will not disconnect service to a residential customer for non-payment when the daily high temperature forecast in the customer's zip code and city are forecasted by the Company's approved weather reporting service to be less than 32 degrees Fahrenheit. The initial decision to hold disconnection of service will be made by 8:00 a.m. each morning and will apply only to the specific geographic area(s) that meet the temperature threshold. The Company may hold disconnection of service to additional geographic areas as weather conditions evolve. Any disconnection of service placed on hold due to this provision shall be rescheduled for completion on the next available business day as weather and operational conditions allow, subject to the restrictions and limitations identified in this Rule 5.

(N)

(N)

Service may not be disconnected while a customer is pursuing any remedy or appeal through the Commission or utility supervisor, provided any amounts not in dispute are paid when due.

NOTIFICATION OF DISCONNECTION OF SERVICE FOR NONPAYMENT

Except as otherwise allowed per WAC 480-90-128(1) and (2), the Company will provide the customer with no less than two notices prior to involuntary disconnection for nonpayment. The first will be a mailed written notice with a stated disconnection date that is no less than eight business days after the date of mailing. The second notice will be mailed no less than five calendar days prior to the disconnection date.

Advance notice of disconnection is not required when disconnection is for meter tampering, diverting service, other theft of service, or for hazardous or unsafe conditions.

When a customer makes a payment subsequent to the issuance of a notice to disconnect service due to nonpayment, whether payment is made to prevent a disconnection of service or to reactivate service that was disconnected, and the payment is not honored by the bank or other financial institution, the account will be deemed unpaid. The Company will attempt to notify the customer in person, by telephone, or by written notice of the payment failure and the Customer will have one business day to correct the failure. If a valid payment is not received, service to the customer may be disconnected after the due date of the previously issued five-day notice and without further written notice. This process may proceed separately from the normal notice process described herein.

DISCONNECT VISIT CHARGE

A Disconnect Visit Charge as established in Schedule 200 may be charged whenever Cascade is required to visit a customer's address for the purpose of disconnecting or reconnecting service, and due to the customer's action, is unable to complete the disconnection or reconnection.
