Re: LSN Fuel Surcharge Supplement on behalf of Arrow Launch Service, Inc. BC-97

Dear Ms. Maxwell:

I am filing, on behalf of Arrow Launch Service, Inc., an enclosed Fuel Surcharge Calculation Sheet and other materials supporting the company's request to implement a fuel surcharge for all of its customers on October 31, 2022. Also enclosed is the requisite Tariff Supplemental Page and Less Than Statutory Notice. Customers will be notified of the surcharge billing on their next service billing.

The company's previous General rate filing was in Docket TS-200065, effective March 1, 2020, where the regulated fuel expense was \$184,965, equivalent to a base period average fuel price of \$3.35 per gallon. The test period fuel cost has been reconstructed in the attached Excel Workbook "Fuel AVERAGE PRICE 10-1-18 to 9-30-19 and was included in the previous filing in August.

An Excel workbook and receipts for September 2022 fuel purchases reflecting average fuel purchase prices of \$5.06 per gallon are included with this filing.

If this Fuel Surcharge Filing is approved by the Commission, customers will be notified of the approved surcharge on their next billing.

If there are questions, please contact me.

Yours truly,

Weldon Burton
