RE: 2024 Letter to Rescind: Request for Exemption – WAC 480-93-015 Odorization of Gas– McCain Foods USA, Inc., Insp 8743.

Dear Mr. Bolduc:

Thank you for your letter, dated March 4, 2024, requesting to rescind your request for exemption from the requirements of WAC 480-93-015 Odorization of Gas. The Commission will rescind your request.

An amendment was approved by the commission during the Emergency Rulemaking Adoption Hearing on March 1, 2024 under docket [PG-230896](#). Based on the presence of hydrogen sulfide, McCain Foods USA, Inc. (McCain Foods) is exempt from the odorization and sniff test requirements of WAC 480-93-015. McCain Foods must be able to demonstrate the level of impurity through tests or records.

Staff would like to thank McCain Food's personnel for their cooperation and assistance during this process. If you have any questions or if we may be of any assistance, please contact Dennis Ritter at (360) 402-0066.

Sincerely,

Scott Rukke
Pipeline Safety Director

cc: Peter Cormier, Director of Engineering, McCain Foods
