Original Sheet No. 141PFG

**PUGET SOUND ENERGY  
Electric Tariff G**

**SCHEDULE 141PFG  
PARTICIPATORY FUNDING GRANTS  
RATE ADJUSTMENT**

(N)

**APPLICABILITY:** This Participatory Funding Grant Rate Adjustment rate shall be applicable to the electric energy delivered to Customers under any schedule contained in this tariff except those Customers served on Lighting Schedules (Schedules 50-59).

**PURPOSE:** This schedule implements surcharges to collect costs incurred associated with the Washington Participatory Funding Agreement as provided for in RCW 80.28.430(4).

**COST RECOVERY PROCEDURE(S):**

- a. This tariff schedule is set to recover expected and incurred costs associated with the Washington Participatory Funding Agreement. Any amounts in any deferred account will include a carrying cost equal to the Company's authorized rate of return, until the deferral is amortized, at which time it will receive a return at the current FERC rate.
- b. The Company will submit annual filings at least 30 days prior to May 1 for rates effective May 1. Each annual filing will be for rates to be effective from May 1 through the last day of April the following year.

**TRUE-UP:** Amounts to include in each year's true-up are:

- a. A true-up will be included for the difference between what was expected to be collected when rates were set the previous year versus the amount actually collected that is due to variances in grant funding agreements.
- b. Following the May 2024 to April 2025 surcharge period there will be a residual amount either owed to or from Customers. The Company has proposed in Dockets UE-240004 and UG-240005 (Consolidated) that the residual amount will be included in its Schedule 140 Property Tax Tracker.

If a true-up calculation results in expenses/return being lower or actual revenues being higher than what was used to set rates, the amount will be a reduction to the amount to be otherwise collected under Schedule 141PFG during the current year. If a true-up calculation results in expenses/return being higher or actual revenues being lower than what was used to set rates, the resulting amount will be an addition to the amount to be otherwise collected under Schedule 141PFG during the current year.
