**PacifiCorp Washington EIA RPS Report – RY 2023 WREGIS Certificates**

For 2023, PacifiCorp reported a total Washington-allocated renewable energy credits (RECs) of 706,793. In the enclosed “Washington EIA-RPS RY 2023 – Hold” WREGIS report, a total of 693,940 WREGIS certificates are detailed in the report. This delta is due to an out of period adjustment for the resources listed below, and the counterparties were not able to transfers the WREGIS certificates to PacifiCorp in time for the filing of PacifiCorp’s 2024 Washington EIA compliance report. The 12,853 WREGIS certificates will be transferred from the counterparty into PacifiCorp’s WREGIS account in the next few months.
