Recommendation

Issue an Order allowing the Tariff revisions in this docket as revised by Commission Staff to take effect January 1, 2025.

Discussion

On June 27, 2024, the Commission issued Order 08 in Docket TV-210535 immediately increasing the banded rates published in Tariff 15-C and requiring Commission staff (Staff) to increase the banded rates to match inflation to be effective every January 1.

This is the first inflation adjustment to the banded rates in Tariff 15-C. The inflation rate used was inflation growth from the 12 months ending October 2024, for the Seattle metro area as published by the Bureau of Labor Statistics. The amount of the increase is 3 percent. Staff has revised the rates in Tariff 15-C to reflect the new rates. Staff has also made other administrative or grammar corrections as needed.

The Washington Movers Conference files comments, which have been posted to this docket. From the comments filed it appears the Washington Movers Conference opposes the rate increase proposed.

Staff believes the revised rates are fair, just, and reasonable and in compliance with Docket TV-210535 Order 08.

Conclusion

Issue an Order allowing the tariff revisions in this docket as revised by Commission Staff to take effect January 1, 2025.
