BACKGROUND

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated first amended agreement (Amended Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Amended Agreement is between Nextel West Corp. (Nextel), and Verizon Northwest Inc. (Verizon), f/k/a GTE Northwest Incorporated. The Commission approved a wireless interconnection agreement between the parties on January 13, 1999. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval. The parties filed a joint request for approval of a first amendment on January 9, 2002.

MEMORANDUM

2 The Amended Agreement between Nextel and Verizon was brought before the Commission at its regularly scheduled open meeting held on January 30, 2002, at its offices in Olympia, Washington. The Commission granted its approval of the Amended Agreement as negotiated and requested by the parties.

FINDINGS OF FACT

3 The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, and transfer of public service companies, including telecommunications companies.

4 Section 252(e)(1) of the Telecom Act requires parties to a negotiated agreement to submit the agreement to the Commission for approval. Section 252(e)(2)(A) states

that the Commission may only reject an agreement (or any portion thereof) adopted by negotiation if it finds that:

- 5 (i) the agreement (or any portion thereof) discriminates against a
telecommunications carrier not a party to the agreement; or
- 6 (ii) the implementation of such agreement or portion is not consistent
with the public interest, convenience, and necessity.

7 Verizon is engaged in the business of furnishing telecommunications services,
including, but not limited to, basic local exchange service within the state of
Washington.

8 Nextel is licensed to by the Federal Communications Commission as a commercial
mobile radio service provider.

9 The Commission approved a wireless interconnection agreement between the parties
on January 13, 1999. The Commission ordered that in the event the parties amended
their agreement, the amended agreement would be deemed a new agreement under
the Telecom Act and must be submitted to the Commission for approval.

10 On January 9, 2002, the parties filed with the Commission a joint request for approval
of a first amendment to the previously approved interconnection agreement for
paging connection, pursuant to the Telecom Act.

11 Nextel and Verizon voluntarily negotiated the entire amendment.

12 The Amended Agreement does not discriminate against any other
telecommunications carrier.

13 The Amended Agreement will facilitate local exchange competition in the state of
Washington.

CONCLUSIONS OF LAW

14 The Commission has jurisdiction over the subject matter and all parties to this
proceeding.

15 The Amended Agreement is consistent with the public interest, convenience, and
necessity.

16 The Amended Agreement meets the requirements of Sections 251 and 252 of the
Telecom Act, including Section 252(e).

17 The laws and regulations of the State of Washington and Commission orders govern the construction and interpretation of the Amended Agreement. The Amended Agreement is subject to the jurisdiction of the Commission and the courts of Washington state.

20 The laws and regulations of the State of Washington and Commission orders govern the construction and interpretation of the Amended Agreement. The Amended Agreement is subject to the jurisdiction of the Commission and the courts of Washington state.

DATED at Olympia, Washington, and effective this 30th day of January, 2002.
