Description	<p>I am writing to protest the above rate request. An increase of 62% is completely unconscionable. As a householder dependent on Rosario Utilities for our water needs, I am simply unable to pay such amounts this would come to. A rate increase of 62% is gouging by a monopolistic utility. Unlike the gouging of gas companies, there is virtually nothing I can do to soften the effect of such an enormous increase. At least with the gas situation we were able to substantially decrease the effects of the price increases by switching to a hybrid vehicle, and reducing the amount of driving we do.</p> <p>Please do not allow this monopoly to get away with such an outrageous demand. My retirement income cannot afford this with annual cost of living increases which average 1 or 2%. Please consider the welfare of the users, not the profit motives of this monopoly.</p> <p>Thank you, Ronald D. Ambler</p>
