RE: *Meeker Southern Railroad v. Pierce County Public Works & Utilities*  
Docket TR-081407

Dear Mr. Danner:

Pursuant to the Notice to the Parties at the bottom of page two of the Initial Order Granting Motion to Dismiss Petition Without Prejudice in this docket, Pierce County Public Works and Utilities waives its right to petition for administrative review of that order. The purpose of this waiver is to enable the Initial Order Granting Motion to Dismiss to become final without the need to wait for the expiration of the time limit for petitions for administrative review.

Thank you for your attention to this matter.

Sincerely,

  
John F. Salmon III  
Deputy Prosecuting Attorney
