**Re: Docket UE-160757
Petition for Waiver of WREGIS Registration**

Dear Mr. King:

Puget Sound Energy (“PSE”) submits for filing its Petition for Waiver of WAC 480-109-200(3) in the above-referenced docket.

In Order 01 issued August 4, 2016, the Washington Utilities and Transportation Commission wrote that PSE should file a waiver of the WREGIS registration requirement in WAC 480-109-200(3) for its incremental hydro production for any generation prior to the second quarter of 2016. The attached petition requests a waiver for January through March, 2016. (A Petition for Waiver covering calendar year 2015 was previously filed into Docket UE-151164.)

PSE’s 2016 Final Compliance Report is being submitted concurrent with this filing.

Please contact me or Katherine Barnard at 425-462-3716 for additional information about this filing.

Regards,

/s/ Chris Schaefer
