

Microsoft Corporation's  
Special Contract  
Final Renewable Portfolio Standard Compliance Report  
for the 2020 Compliance Year  
pursuant to UTC Order 06 in Docket UE-161123

**(REDACTED)**

March 17, 2022

**Microsoft Corporation**  
**Special Contract**  
**Final Renewable Compliance Report – 2020**  
**Docket UE-161123**

Under the Special Contract and Settlement Stipulation and Agreement (“Settlement”) the Washington Utilities and Transportation Commission (“Commission”) approved in the above-referenced docket, Microsoft Corporation committed to meeting a certain percentage of its load taking service under the Special Contract with Eligible Renewable Resources. For 2020, the applicable percentage was 25%.<sup>1</sup>

The Special Contract and Settlement commit Microsoft to providing Puget Sound Energy (“PSE”) with an annual renewable portfolio standard report (“RPS Report”) by March 31 of each year identifying the renewable resources Microsoft has secured to meet its renewable energy requirement for the target year, which PSE then files with the Commission.<sup>2</sup> The Commission acknowledged Microsoft’s compliance with this requirement in conjunction with its approval of PSE’s 2020 RPS Report in Docket No. UE-200504.<sup>3</sup>

Neither the Special Contract nor the Settlement explicitly require Microsoft to file a final compliance report demonstrating that it actually achieved compliance with the renewable energy requirement. Nevertheless, Microsoft is submitting this final compliance report for 2020 both because it believes such a report is contemplated by the Special Contract and Settlement and because Microsoft committed to providing such a report in its 2020 RPS Report.<sup>4</sup>

The renewable generation acquired for Microsoft’s 2020 compliance year is summarized below by vintage year and fuel type. The total number of RECs retired equals 100% of the MWhs Microsoft purchased under the Special Contract in 2020.<sup>5</sup>

---

<sup>1</sup> Special Contract § 4.9.2.1(a); Settlement ¶ 13.a.

<sup>2</sup> Special Contract § 4.9.3; Settlement ¶ 13.a.vi.

<sup>3</sup> Docket No. UE-200504, Order 01 (Sept. 10, 2020); see also, Commission Staff Comments Regarding Electric Utility Renewable Portfolio Standard Reports Under the Energy Independence Act, RCW 19.285 and WAC 480-109 at 7-8 (Aug 7, 2020).

<sup>4</sup> Microsoft Annual Renewable Portfolio Standard Report for the 2020 Target Year at 2 § 3.

<sup>5</sup> Microsoft’s 2020 RPS report identified ████████ MWhs as the average load anticipated to be served under the Special Contract in 2020, and ████████ MWhs as the renewable energy target. *Id.* at 2 § 2. Microsoft’s actual load served under the Special Contract in 2020 was ████████ MWhs and, thus, was lower than forecasted, due primarily to reduced campus usage from the COVID-19 pandemic.
