REQUESTER:	UTC Staff – Van Meter	RESPONDER:	Andrea Marlowe
TYPE:	Data Request	DEPT:	Generation Mgmt
REQUEST NO.:	Staff - 042	TELEPHONE:	(509) 495-4165
		EMAIL:	andrea.marlowe@avistacorp.com

**REQUEST:**

Please provide an itemized list of the actual major maintenance expense for hydro, thermal and steam facilities for each of the last ten years.

**RESPONSE:**

Prior to 2010, the Company did not segregate non-major and major maintenance expenses. A summary of major maintenance by year separated by hydro, thermal and steam facilities is provided as Staff\_DR\_042-Attachment A for the period 2010 - 2014. A summary of non-segregated, non-major and major maintenance expenses grouped by hydro, thermal and steam facilities for the period 2005 – 2009 is provided as Staff\_DR\_041-Attachment B.

For detailed transaction information summarized by project for major and non-major maintenance, grouped by hydro, thermal and steam facilities for the period 2010-2014, see Staff\_DR\_041-Attachments C through G. Major Maintenance is designated in these attachments with an “MM” in the column header labeled “Project Parent.” Due to the size of these files, they are being provided in electronic format only. (As major and non-major were not segregated prior to 2010; detail transaction information is not provided for the period 2005-2009. See Summary information noted above.) All information provided excludes internal labor.
