COMMISSION

July 18, 2003

Dear Carol Washburn,

I am writing in regards to Tristan Matthews Application
TG-030325 Recycle-Whidbey Curbside-Pickup.

I believe that this business is an environmentally needed
business, and an improvement to existing (voluntary)
recycling.

This village of Langley is a growing community, and Tristan's
business would be on the ground floor on this most
positive need. Most recently, I picked up 8 bottles of water
on First St, Langley, due to a Street FOIRE here on July 12/ 13th.
Now I will need to deposit it at Island Recycle in
Freeland, WA. a round trip of 16 miles, whereas, I could be
using Tristan's business, and save on an hr. of recycle time

I am eagerly awaiting WTTTC decision to allow this
permit.

Sincerely,

Susan Ishikawa
