RE: Standards for Interconnection to Electric Utility Delivery Systems,
Chapter 480-108 WAC
Docket No. UE-051106

TO ALL INTERESTED PERSONS:

The Commission is pleased to enclose Chapter 480-108 WAC, Electric Companies—Interconnection with Electric Generators developed from the rulemaking activity in Docket No. UE-051106.

Also enclosed is the Commission's Order Adopting Rules Permanently. This Order establishes the first portion of a new chapter of 480-108 WAC. The Commission intends to continue investigation of facilities greater than 25 kW in a Supplemental CR-102. The Commission filed the Order with the Code Reviser on March 6, 2006. It will be effective on April 6, 2006.

RCW 34.05.325 requires that the Commission prepare and provide to commenters a concise explanatory statement about an adopted rule.

In this docket, to avoid unnecessary duplications, the Commission has designated the discussion in the order as its concise explanatory statement, supplemented where not inconsistent by the comment discussion memorandum and the staff memorandum presented at the adoption hearing. Together, the documents provide a complete but concise explanation of the agency's actions and its reasons for taking those actions. We include all of those documents for commenters' information.

Please direct any questions about the rules to Dick Byers of the Commission Staff at (360) 664-1209 or e-mail at dbyers@wutc.wa.gov.

Sincerely,

CAROLE J. WASHBURN
Executive Secretary
