The purpose of this filing is to update the Company's non-core rate schedules to remove obsolete schedules, updates references to the pipeline companies and to cancel the optional gas supply schedules which actually are under FERC jurisdiction. This filing replaces a similar filing made on December 31, 2003, which was

subsequently withdrawn. A copy of 18CFR Part 284.402, which granted blanket marketing certificates for the sale of natural gas supplies to any entity that is not a interstate pipeline, is included in this package.

There are no customers impacted by this filing. Cascade has no customers receiving service under Schedules 665, 679 or 684. Customers who have existing contracts with Cascade for optional gas supplies services will not be impacted, as the Company will continue to provide the optional firm and/or spot market supplies per the terms of their service contract.

If there are any questions regarding this filing please direct them to either Katherine Barnard at (206) 381-6824 or myself at (206) 381-6823.

Sincerely,

Jon T. Stoltz,  
Senior Vice President,  
Regulatory and Gas Supply
