Re: Docket UE-110667

Executive Director and Secretary Dave Danner:

Per my comment during the Workshop for Docket UE-110667, DRA serves as financial advisor to the Washington Housing Finance Commission and the Sustainable Energy Trust. The California Assembly Bill I referred to allows averaging of solar power generation among government facilities is AB 2466 (Laird), and went into effect in 2009. This link to the Pacific Gas and Electric website explains implementation of the Bill's provisions:
