Subject: WUTC's rulemaking about procedural rules - Docket A-130355

Somehow, I was not included on the mailing/service list for the Notice of Workshop Issues sent out in this matter on August 16, 2013. At this point, I don't think I'll be able to attend the workshop scheduled for August 21. I do however want to be on the mailing list for any proposed rule changes and to have the opportunity to submit written comments. Could you make sure I am on the list?

Please make sure that Union Pacific's in-house counsel is on the list too:
