LEGEND FOR ACRONYMS SHOWN IN COLUMN B

MM	Manned Model	Pilots are required by the State of Washington to periodically attend manned model courses throughout their career.
ESCORT	Escort Training	Prior to completion of the first license year, Pilots attend a simulator course to learn and practice techniques for the tethered escort of laden tank vessels.
AZIPOD		Prior to their 4th year license anniversary Pilots attend an Azipod ship-handling course which helps prepare Pilots for piloting "podded" cruise ships starting their 4th license year
ULCV		Ultra Large Container Vessel training is offered to Pilots reaching their 5th year license anniversary. This is a one day course focusing on piloting large container vessels.
BRMP		Bridge Resource Management for Pilots which is continuing education recommended by the American Pilots Association every five years. Bridge Resource Training Cost \$18,500 per class which can include up to six pilots
