Dear Joyce Ford,

Thank you for reaching out with your comments to the Office of the Attorney General, Public Counsel Unit regarding PSE's power cost only rate case (PCORC), Docket UE-200980 opened in December 2020. The Public Counsel Unit ("Public Counsel") represents customers of regulated utilities in proceedings before the Washington Utilities and Transportation Commission ("UTC"). We are a party to this case, and we have filed testimony on the power cost increase requested that PSE submitted under Docket UE-200980. For more information about Public Counsel, see our website <https://www.atg.wa.gov/about-public-counsel>.

As a part of our work, we collect public comments received by our office and the UTC, and submit them as an exhibit for the Commission to consider when making their decision in this matter. **Your comments will be included in this exhibit.**

I also want to bring your attention to a public comment hearing relating to Docket UE-200980, which is taking place next Tuesday, April 20. We encourage all interested PSE customers to attend, including yourself and your neighbors.
