**Re: Puget Sound Energy's Collaborative on Wind Forecasts for Rate Making
Dockets UE-190529 and UG-190530**

Dear Mr. Johnson:

In Puget Sound Energy's ("PSE") 2019 general rate case, the Washington Utilities and Transportation ("Commission") ordered PSE to hold collaborative discussions with Commission Staff ("Staff") regarding energy production from PSE's wind generation resources.

PSE held a series of workshops with two members of Staff. These meetings were held virtually on January 20, February 10, March 17, and March 26, 2021.

Enclosed is PSE's confidential summary and conclusion of the collaboration.

Pursuant to WAC 480-07-160(5), documents in this filing are designated as confidential under the protective order in this case because they contain proprietary information and the release of this information would cause a competitive harm to PSE if released.

Please contact Janet Phelps at (425) 456-2304 or janet.phelps@pse.com for additional information or questions regarding this filing.

Sincerely,

/s/ Susan Free
