Dear Sirs,

I received the notice about the garbage rate increase. I am sure they need some kind of an increase and they all looked reasonable except the 2 can pick up. A \$4.00 a month increase seems alot compared to the other increases. 1 32 gallaon can goes up \$.95 and the every other week collection goes up\$.45. The 2 cans weekly goes us by \$4.00? Wouldn't \$2.00 or \$2.50 more a month be more inline with the other increases? You asked for my oponion and here it is.

Thank You

Lauri Taylor
