Re: Docket UE-210878 – PSE’s 2022 Distributed Energy Resources Request for Proposals Summary Report

Dear Ms. Maxwell:

On January 27, 2022, the Washington Utilities and Transportation Commission (Commission) issued Order 01 in Docket UE-210878,¹ in which the Commission approved the Revised Draft Distributed Energy Resource Request for Proposals submitted by Puget Sound Energy (PSE) in that docket. On February 7, 2022, PSE issued its 2022 Distributed Energy Resources RFP (2022 DER RFP), with proposals due on March 21, 2022. Consistent with the requirements of Washington Administrative Code 480-107-035(5), PSE posted a proposal summary report on April 19, 2022 to its public 2022 DER RFP website (www.pse.com/rfp). To make this information more broadly available to interested stakeholders, PSE hereby submits this informational filing, which includes the following documents:

- This filing letter;
- Attachment A, which includes the proposal summary report and associated appendix; and
- a Certificate of Service.

The information contained in the summary report is based on the original proposal information provided to PSE at the close of the bidding period on March 21, 2022. Where information is missing, the field has been left blank in the attachment provided. PSE will work to address these issues and reconcile other known inconsistencies in the proposal forms with bidders through its data request process. As PSE performs its Phase 1 analysis and learns more through data request

responses, it is possible that certain information may be updated. Any updates made to this report will be posted on PSE's 2022 DER RFP website (www.pse.com/rfp).

If you have any questions about the information contained in this filing, please contact Kimo Spector, DER Commercial Acquisition Manager, at (425) 283-9950 for additional information about these comments. If you have any other questions please, contact me at (425) 456-2142.

Sincerely,

/s/ Jon Piliaris
