Jeff,

We believe Speedi have taken liberties beyond the intent of the their UTC issued certificate and the UTC is investigating per the attached. I'm sharing as an FYI to the Port and why I've been particularly aggressive in my requests that Speedi behave as intended by the UTC. The biggest of these issues is their booth that was put in place with the intent of taking walkups.

I do have their testimony, under oath, during the certificate process that they would only perform prearranged reservations via personal greeter and this was the key decision point for the UTC issuing the certificate. Let me know you would like copy.

Thank you
