Dear Mr. Maurou:

On March 9, 2016, SeaTac Airport 24 submitted to the Utilities and Transportation Commission a request for an upgrade to its safety rating. The request included a safety management plan that provides a detailed description of the corrective actions taken to address each specific violation discovered during a recent compliance review, and outlines how the company will stay in compliance with each requirement in the future.

Your request for upgrade has been reviewed and approved. Your safety rating is now **CONDITIONAL**. You may apply to have your certificate reinstated by filing the appropriate application with the Commission no later than April 7, 2016. For any questions regarding this matter, please contact David Pratt at 360.664.1100 or [dpratt@utc.wa.gov](mailto:dpratt@utc.wa.gov).

Sincerely,
