**MEMORANDUM**

1 **NATURE OF PROCEEDING:** Docket UT-063061 involves Qwest Corporation’s (Qwest) request for arbitration of an interconnection agreement (ICA) with Eschelon Telecom, Inc., (Eschelon) pursuant to 47 U.S.C. §252(b) of the Telecommunications Act of 1996.

2 **PROCEDURAL BACKGROUND:** A disputed issue list accompanied the initial petition in this proceeding filed on August 9, 2006. A revised issue matrix was filed with the Washington Utilities and Transportation Commission on December 20, 2006, reflecting the parties’ ability to resolve additional issues. Subsequent to filing the revised issue matrix, the parties resolved a number of issues that are not reflected on the revised matrix.

3 **COMMISSION DECISION:** The parties are required to file an updated issue matrix that specifies the open issues that must be resolved by arbitration. The issue matrix should be in the same format as previous submissions. An updated issue matrix will expedite resolution of the open issues in this proceeding.

4 The **deadline** for submitting the updated disputed issue matrix is **August 23, 2007**.

DATED at Olympia, Washington, and effective August 13, 2007.
