STERling 8	Carnation	EDgewood 3

This directory lists subscribers receiving service from the Arlington, Darrington, Duvall, Everett, Granite Falls, Marysville, Monroe, Skykomish, Snohomish, Stanwood and Sultan exchanges of the West Coast Telephone Company. Abbreviations of these exchange names and surrounding communities, as used in this directory, are as follows:

Alderwood Manor	Aldr M	Lake Stevens	Lk Stvns
Arlington	Arl or *Arlgtn	Marysville	Msvl
Bothell	Both or *Bthl	Monroe	Mnro
Camano Island	Camano Is	Mukilteo	Mklteo
Darrington	Drtn or *Dargtn	Pinehurst	Pinehst
Duvall	Duv	Skykomish	Sky
Everett	Ever	Snohomish	Snoh
Granite Falls	Gr Fls or *G Falls	Stanwood	Stan or *Stnwd
		Sultan	Sult or *Sltn

\*We are in the process of standardizing exchange abbreviations in this directory. For a time there will be two abbreviation spellings for some exchanges. Those starred in the list above are not standard and will be gradually replaced with the correct abbreviations as listing changes occur.

#### ABBREVIATIONS OF STREET DESIGNATIONS IN LISTED ADDRESSES:

Avenue	Av	Court	Ct	Lane	Ln	Road	Rd
Boulevard	Bldv	Drive	Dr	Place	Pl	Way	Wy

"Street" is to be assumed in all listings that do not carry one of the above designations.

### Employee IDENTIFICATION CARDS

For your protection, any employee who visits your premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company" ask to see his card.

## YOUR TELEPHONE BILL

### AN EXPLANATION OF THE CHARGES ON YOUR MONTHLY TELEPHONE BILL

**First Item: "Local Service."** This charge is billed monthly in advance. It is the fixed monthly charge for your telephone and any additional service you may have such as extensions, extra listings, etc.

**Second Item: "U. S. Tax on Local Service."** The Federal Tax of 10%.

**Third Item: "Toll, Tel. & Tax."** This includes charges for long distance calls and telegrams which you have billed to your telephone number. The 10% Federal Tax is included. A separate itemized statement with your bill lists all long distance calls and telegrams. (See page 5 for standard exchange abbreviations when checking your long distance statement.)

**"Total Amount Due."** The sum of all the amounts listed.

#### ADDITIONAL ITEMS which may be listed on your bill:

**"ADV."** Directory advertising charges, if any.

**"OTHER CHARGES."** Charges for moving telephones, adding new telephones, etc.

**"OTHER CREDITS."** A credit to your account.

**"BALANCE."** Unpaid charges carried over from last month or amounts paid too late to be credited on this bill.

If you have any question regarding your bill please contact our business office for an explanation and we will be glad to help you.

With the introduction of more refined billing methods early in 1962, the appearance of your telephone statement will change. The new billing method will, in many cases, eliminate the need for a separate statement for long distance charges. It also will increase the ease with which your bills may be interpreted.

## GENERAL INFORMATION

### Tariffs

Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Offices for public inspection.

**WARNING:** Washington State Law (Chapter 114, Section 1, Laws of 1955) provides as follows: "Every person who, with intent to evade the provisions of any order of the Washington Utilities and Transportation Commission or of any tariff, rule or regulation lawfully filed with said commission by any telephone or telegraph company, or with intent to defraud, obtains telephone or telegraph service from any telephone or telegraph company through the use of a false or fictitious name or telephone number or the unauthorized use of the name or telephone number of another, or through any other trick, deceit or fraudulent device, shall be guilty of a misdemeanor."

### Application of Business Rates

The use of telephone service for business purposes automatically subjects that service to business rates regardless of the type of premises on which the telephone is installed.

### Attachments to Telephones

No equipment, wiring or device of any kind not furnished by the Company may be connected or attached to the facilities furnished by the Company, whether physically, by induction, or otherwise, except as provided in the tariff schedules or specifically authorized by the Company. In case any such unauthorized attachment or connection is made, the Company has the right to remove and disconnect the same; or to suspend the service during the continuance of said attachment or connection; or to terminate the service.

### Directory Accuracy

The Company does not assume liability because of errors or omissions in compiling this directory. Directory listings are carefully handled in order to insure directory accuracy, but in spite of this care and attention errors occasionally occur. If your listing is incorrect in any way please call the Business Office promptly so that our information records and future issues of the directory may be corrected. Also please promptly advise the Company of any other desired changes in your listing, such as a change of your house number or street name, etc.

### Responsibility of Listings

The Company does not undertake to ascertain the right of any subscriber to use any title or business description in connection with his directory listing and may reserve the right to change these listings at any time in accordance with any provisions that may be laid down by law concerning directory listings and similar privileges.

### Responsibility for Advertising

The Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory. Its liability in the case of advertising shall not exceed the charge for such advertising during the life of this directory.

### Telephone Directories

Telephone directories containing the listing of subscribers within a specified area, which are exclusively issued by the Company, are and remain the property of the Company. They shall not be mutilated and shall be surrendered on request of the Company. No binder, holder, insert, auxiliary cover, apparatus, device or attachment of any kind not furnished or authorized by the Telephone Company shall be attached or used with the directories owned by the Telephone Company.

# MODERN TELEPHONE SERVICES

### PRIVATE BRANCH EXCHANGE (PBX)

Available in capacities from 10 local lines and three trunks to custom equipment providing hundreds of locals and many trunks. Essential for smooth control of incoming and outgoing calls.

### KEY PHONES

Can be used to make and receive calls over more than one line. A call on one line can be held while another is answered.

### SECRETARIAL ANSWERING UNITS

To speed calls and avoid calls going astray, you'll find these extremely useful. When required, one person can answer up to ten designated phones.

### *Automatic Answering Set*

No need to miss important calls. This equipment automatically answers your telephone and gives the caller your recorded message. Callers may leave messages or orders for you. This small, compact unit enables firms to offer 24-hour service.

### SPEAKERPHONE

Convenient for the home or office. You can make or receive calls without lifting the handset. Ideal for conferences in which two or three people can talk and listen on the same conversation. Enables user to move about the room or take notes. Converts instantly to conventional telephone.

### TELETYPEWRITER SERVICE

Speedy — Efficient — Accurate

This service does for the written word what the telephone does for the spoken word. Provides instant and accurate inter-city typewritten communication between branch offices. Many firms find Teletype indispensable for production and shipping control, sales reports, etc.

# TO MEET YOUR NEEDS . . .

## The Call Commander

This streamlined, modern, functional piece of telephone equipment is designed for today's business requirements. Available in a choice of three colors and equipped with versatile push buttons which give access to a number of lines, hold calls while answering others and permit signaling and conferencing arrangements.

## Inter-Exchange Receiving Service

### INTERCOM SYSTEM

Provides fast, efficient communication between members of staff. Can be installed in any number of units, for large or small businesses. Additional equipment installed as required.

Subscribing to these Long Distance Services is like establishing branch offices at low cost. They enable out-of-town customers to call you free by Long Distance, to order, or to get information.

### VOLUME CONTROL TELEPHONES

Ideal for those with impaired hearing. Brings in softest voices loud and clear.

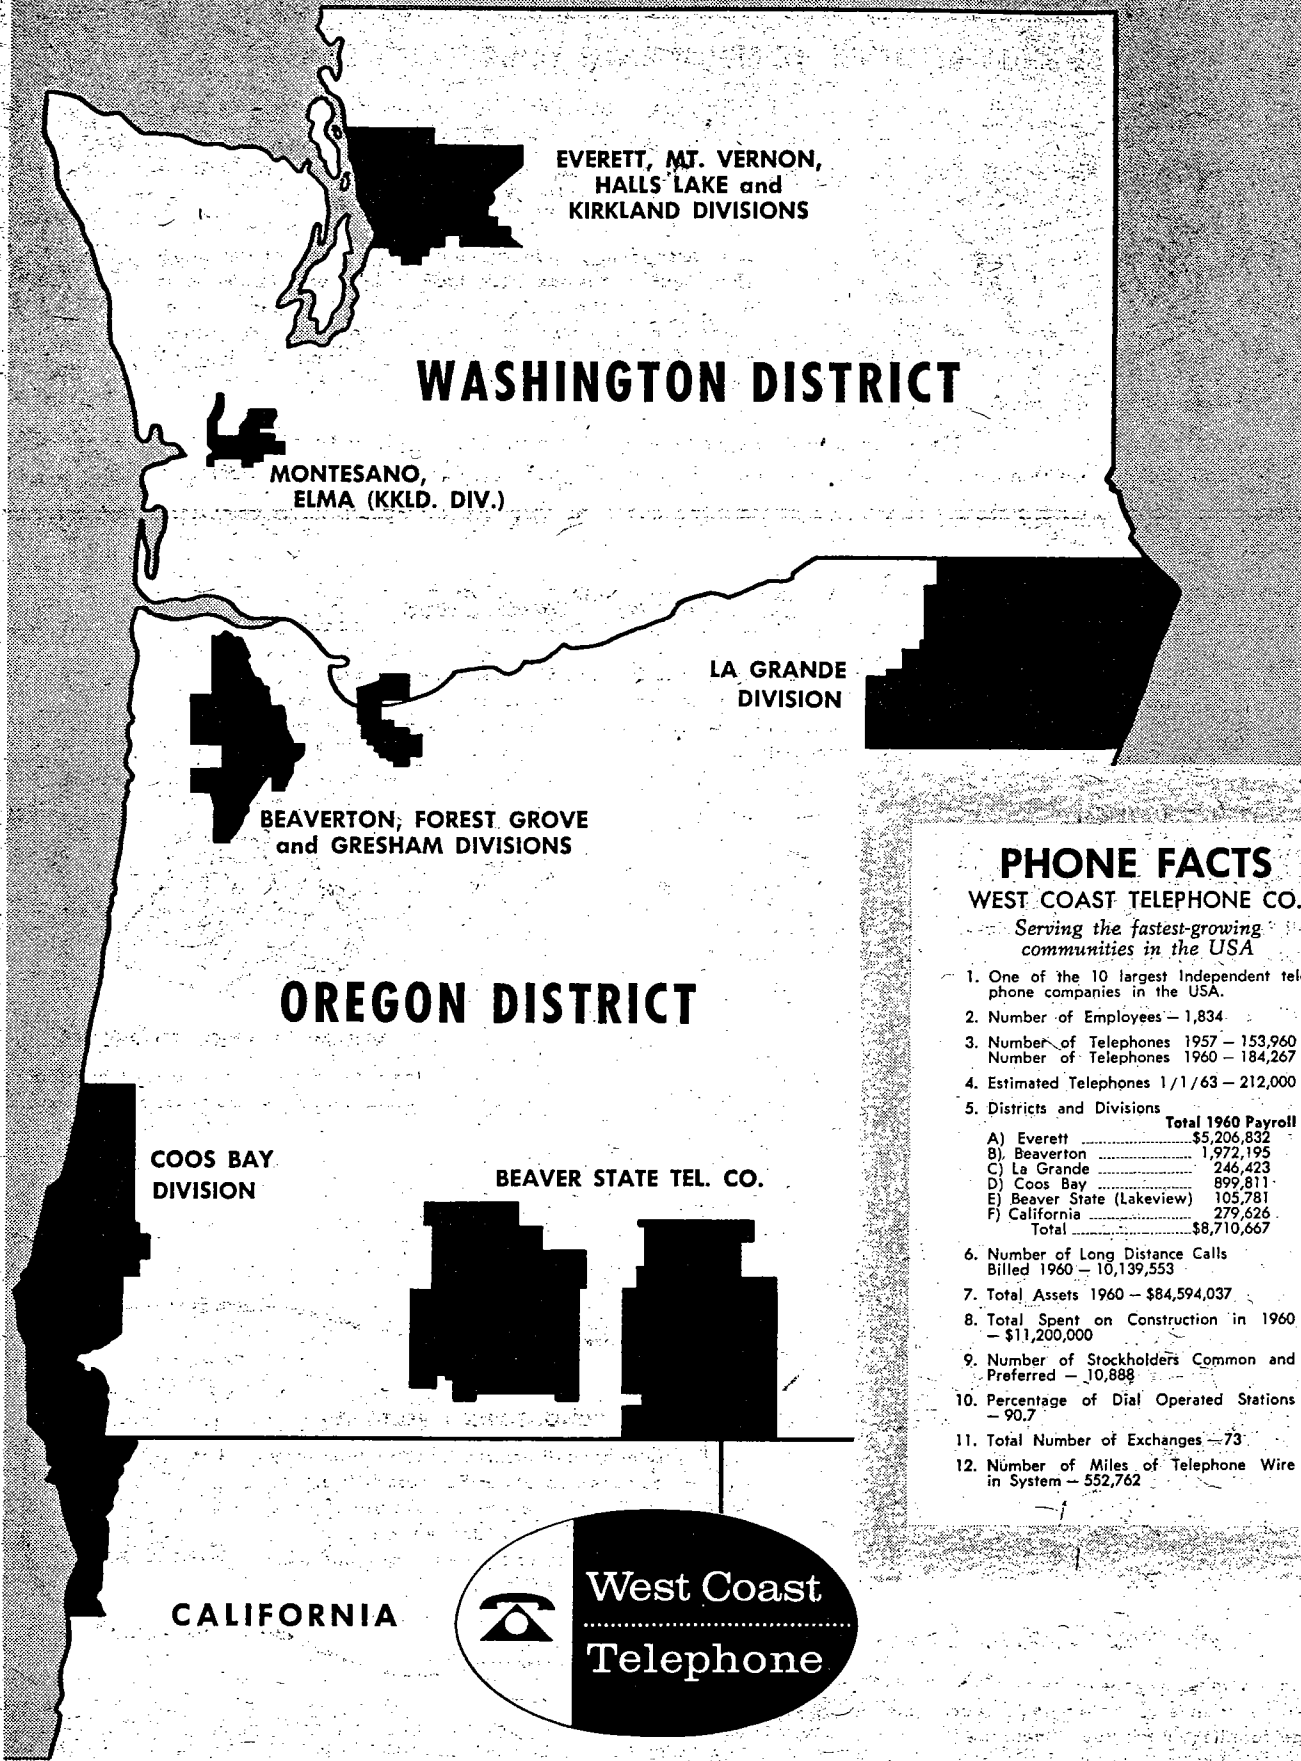

## Additional Telephone Lines

A separate number in your home or place of business makes it easier for friends or customers to reach you. Ideal, too, for large families or for your "teen-ager."

### OUT-OF-TOWN DIRECTORIES

Telephone directories of other cities may be consulted at our Business Office. We cordially invite you to make use of these directories. If you desire any copies they may be secured by arrangement with our Business Office.
