proposed rate increase
Waste Connections
Clark County

RECEIVED

WASH. UT. & TP. COMM

Dear Secretary -

The proposed rate increase for waste connections is \$954 a week for one car and \$1400 a week for two cars - same size and same pick up location. This seems totally out of line and out of proportion. I will pay my fair share but hope not to be gaged.

I hope the commission will reduce the two car rate to 2.00 more per month.
