FRONT AND CENTERED AND NW ENERGY COALITION DATA REQUEST NO. 067:

DATA REQUESTS DIRECTED TO: Kara Durbin

Re: Equity Data

For each vulnerable population identified by PSE, provide the list of Census Tracts with:

- a. A high level of vulnerable population;
- b. A medium level of vulnerable population;
- c. A low level of vulnerable population.

Response:

Please see Attachment A to Puget Sound Energy's ("PSE's") Response to Front and Centered and NW Energy Coalition Data Request No. 067 for a spreadsheet that indicates the vulnerability label (high, medium, or low) associated with each census block group (and census tract that includes that block group) within PSE's service area. Please note that these census block groups include PSE's electric only, gas only, and combo service types. However, PSE developed its Clean Energy Implementation Plan in response to the Clean Energy Transformation Act, which pertains to electric utility service only.
