NOTES:

- 1 UNE-L Loop rates include a weighted loop grooming cost associated with the equipment used to remove unbundled loops (i.e., 'DS0s) from the IDLC DS1s.
- 2 UNE-P Loop rates exclude loop grooming costs.
- 2-Wire Feeder rates are equal to the difference between 2-Wire UNE-P rates and 2-Wire Subloop Distribution rates.
- All technically feasible Vertical Switch Features are available with compatible unbundled switch ports.
- No monthly recurring charge applies for Basic Vertical Switch Features. Only Basic Vertical Switch Features with nonrecurring charges are listed. Nonrecurring charges are applicable whenever a feature is added whether on new installation, conversion, or change order activity. Vertical Switch Features not listed are included in the port and have a rate of \$0 for both recurring and nonrecurring charges.
- 6 Monthly recurring charge applies, in addition to the Line Side Port recurring charge, for a Premium Port.
