

(1) United Communications, Inc. provides service in Washington by using either the Unbundled Network Element Platform (UNE-P) purchased from Qwest and Verizon, or reselling Qwest and Verizon retail services on a avoided cost discount basis. As such we rely on Qwest and Verizon to provide emergency and disaster services to our customers in Washington.

(1)(a) Kevin Corby, CLEC Provisioning Manager, 541-388-8711; Michael E. Daughtry, Vice President of Operations, 541-388-8711

(1)(b) United Communications, Inc. can not provide disaster recovery response because we do not control Qwest or Verizon's network. We rely on Qwest and Verizon's personnel to provide emergency response.

(2) United Communications, Inc. provides service in Washington by using either the Unbundled Network Element Platform (UNE-P) purchased from Qwest and Verizon, or reselling Qwest and Verizon retail services on a avoided cost discount basis. As such we rely on Qwest and Verizon to provide emergency and disaster services to our customers in Washington.
