SUPPLEMENTAL RESPONSE:

Based on the original question as written, Verizon feels it has been completely responsive to this question. Per a conference call with Staff on Thursday, September 9, 2004 initiated via the letter sent by Chris G. Swanson to Judith Endejan dated September 3, 2004, Staff clarified it was actually seeking the number of lineshares that Verizon Northwest provides to itself.

In response to this clarification the number is 0.
