WA 360 Area Code Relief Implementation

6/22/2017

Overview of WA 360/564 Area Code Relief Implementation:

On May 10, 2000 the Washington Utilities and Transportation Commission entered Order Implementing Area Code Relief Plan in Docket UT-991535 (May 2000 Order) in which the Commission initially approved a plan to add a new NPA to remedy the anticipated exhaust of telephone numbers in the 360 Area Code. The Commission determined that a single area code would overlay all of western Washington, so that some customers in a geographic area would have telephone numbers with 360, 206, 253, or 425 area codes. On May 19, 2016, the Commission ordered the implementation of the All Services Overlay of the new 564 NPA over the 360 NPA and 10-d dialing for all of western Washington. The following table summarizes the key implementation dates provided on the NANPA's Planning Letter #492:

Activity	Key Date
Start of Network Prep & Customer Education	July 28, 2016
Start of permissive 10 digit dialing	January 28, 2017
Earliest date central office codes in the new 564 NPA may be ordered through NANPA	June 23, 2017
Start of mandatory 10 digit dialing	July 29, 2017
Earliest new NPA central office code activation date	August 28, 2017

Next Call Date: 07/19/2017

Time: 11:00AM Pacific, Noon Mountain, 1:00PM Central & 2:00PM Eastern

Bridge Number: 866-789-8818

Access Code: 2526413384

Summary of today's call:

- Introduction's

- Current available codes in the 360 NPA – Joe Cocke
Joe Cocke from Neustar informed the group there are 14 NXX's available for assignment in the 360 NPA. There have been 3 codes have been assigned year to date. Pooling shows 5 codes needed through August. There are 0 code requests in que. There are 941 Blocks available. There has also been 1 Code returned year to date.

- Action Items:
 1. Verify for Mary Lou at BackUp Telecom Consulting if there is a Project ID for trunk orders – Confirmed with design group, no Project ID for trunk orders.
 2. Tri-Chairs will update & distribute Mandatory 10-Digit dialing press release - complete
 3. Tri-Chairs will address 'cheat sheet' as requested by WA UTC – refer to Customer Ed Letter , important to keep message consistent – all information regarding Western WA overlay is covered in Customer Ed Letter.
 4. If there are questions related to transition of 911 to Comtech NG 9-1-1 Network, they can be emailed to: NG-Lecservices@telecomsys.com (Comtech) – The state has put out an LOA to all carriers
 5. Washington UTC request discussion at 6/22/17 meeting of outreach plans for Government, Educational & large customers – WUTC Staff encourages all service providers to implement
